Ahmed Mohamed Abdelhady

AI Engineer & IT Specialist

joniurabdelhady@gmail.com | +201001307376 | Red Sea, Egypt

PROFESSIONAL SUMMARY

Computer Science graduate (GPA 3.7) with hands-on experience in AI engineering, software development, web technologies, and IT infrastructure. Proficient in networking fundamentals (CCNA level) including IP addressing, subnetting, routing, switching, VLANs, DNS, DHCP, and network troubleshooting. Developed Talkable, an AI-powered sign language recognition system using Computer Vision and Deep Learning. Passionate about building scalable solutions and providing reliable IT support.

EXPERIENCE

Teaching Assistant — IT & Web Development

10/2025 – Present

Sinai University — Arish, Egypt

- Taught core IT and CS courses: Web Technology, Web Design, Web Client, and Programming.
- Configured and managed lab computers, network connections, and software environments for student sessions.
- Guided students in building projects and improved their coding and problem-solving skills.
- Provided technical support and mentorship on fundamental computer science and IT concepts.

Programming Instructor

07/2025 – 10/2025

iSchool — Remote

- Delivered interactive programming and technology fundamentals lessons.
- Helped students build problem-solving and coding skills through practical activities.

Software & AI Developer

10/2021 – Present

Freelance — Cairo, Egypt

- Developed Talkable, an AI sign language recognition system translating gestures into text/speech using TensorFlow & Computer Vision.
- Built full-stack web applications: University Website, Furniture E-commerce site (React, HTML, CSS, JS).
- Developed backend solutions: School Database System (SQL), Hotel Management Website (.NET MVC).
- Applied Python, C++, C#, JavaScript, and Dart across multiple production-ready applications.

EDUCATION

Bachelor's Degree — Information Technology

2021 – 2025

Faculty of Information Technology, Sinai University — Arish, Egypt | GPA: 3.7

- Graduation Project: Talkable — AI Sign Language Recognition System (Computer Vision + Deep Learning).

SKILLS

Networking & IT	CCNA-level: IP Addressing, Subnetting, Routing (OSPF/RIP), Switching, VLANs, DNS, DHCP, TCP/IP, LAN/WAN Configuration, Network Troubleshooting
AI & Machine Learning	Machine Learning, Deep Learning, Computer Vision, NLP, LLMs, RAG, Generative AI, Prompt Engineering, Predictive Modeling, Data Visualization
Programming	Python, JavaScript, C#, C++, HTML, CSS, SQL
Frameworks & Tools	TensorFlow, PyTorch, Keras, Scikit-learn, Pandas, NumPy, React, Flutter, .NET MVC, Git, GitHub, Visual Studio, Android Studio
Web Development	Frontend Development, Responsive Design, REST API Integration, Backend with Flask & .NET

Databases	SQL Server, MySQL, Database Design, Query Optimization
Soft Skills	Problem-Solving, Critical Thinking, Clear Communication, Teamwork, Adaptability, Agile/Scrum

KEY PROJECTS

- **Talkable — Sign Language Recognition System:** AI system using Computer Vision & Deep Learning to translate sign language gestures into real-time text and speech. Built mobile and web interfaces for text-to-sign and live camera detection.
- **Hotel Management Website:** Full web application using .NET MVC with database integration for managing hotel services and bookings.
- **School Database System:** Relational database system for school records management using SQL with optimized queries and structured tables.
- **Furniture E-commerce Website:** Responsive React-based e-commerce site with product display, navigation, and user-friendly UI.
- **University Website:** HTML/CSS university website focused on responsive layout, navigation structure, and user experience.

CERTIFICATES & TRAINING

- Artificial Intelligence Program — AMIT
- Artificial Intelligence Training — Huawei & NTI
- Front-End Development Program — Information Technology Institute (ITI)
- Leaders in AI & Information Warfare Training — Hashemite Kingdom of Jordan
- ICPC Programming Competition Participant — 2023
- Introduction to Python — AITB (2024)
- Backend Development using Flask (Python)

LANGUAGES

Arabic (Native) | English (Professional)
